Doerflinger Named Head of Committee of Welcome

DISPOSITION OF UPPER SILESIA IS CAUSE OF SMASH

If Official Text Agrees With Advance Reports Present Government Will Fall

PARIS.—Chancellor Wirth of Germany has announced to the members of the cabinet the decision of the council of the league of nations relative to Upper Silesia is received.

Expect Bad Decision

BERLIN.—Dr. Joseph Wirth, German chancellor, is believed here Tuesday to be preparing to submit the resignation of his ministry to President Ebert. Official announcement of the decision of the council of the league of nations relative to the partition of Upper Silesia was expected momentarily, and it was thought the cabinet could not long survive if the official text confirmed press dispatches.

Political conditions in Germany would seem to indicate a growing opposition to the continuance in power of the radical parties. At Sunday's municipal election in Berlin the bourgeois parties elected 116 candidates while but 106 radicals were successful.

Exchange Soars

Extraordinary scenes followed the opening of the bourse Monday. Bankers and brokers were swamped with orders and had difficulty in establishing quotations. Foreign exchange rates soared to new heights.

Shoot at Scheideман

BERLIN.—Philipp Scheideман, former secretary of foreign affairs, was fired upon during a meeting of the German people's party in Lutzenfeld, Westphalia, last night. The bullet went wild and he was uninjured. Five persons were arrested.

WILLIAM E. CROW NAMED TO SUCCEED LATE SENATOR KNOX

PHILADELPHIA, Pa.—Governor Spruell late Monday announced the appointment of State Senator W. E. Crow of Uniontown as U. S. senator to succeed the late Philander C. Knox.

Mr. Crow is chairman of the Pennsylvania republican committee and state senator from Fayette County. He has been newspaperman, lawyer, republican state committeeman and state senator in the past 31 years.

Born March 10, 1870, in Fayette county, he was reared on a farm and educated in the public schools, the Southwestern State Normal college and Waynesburg college.

In 1890 he entered the newspaper game and three years later took up the study of law. He was admitted to the bar in Fayette county in 1895.

A year later Crow was appointed assistant district attorney of Pennsylvania and then district attorney. He was chairman of the republican county committee for three years and served as delegate to various state conventions, an d to the republican national convention in 1916.

He has been chairman of the republican state committee since 1912 and in the state senate since 1906. Senator Crow has been in ill health for more than a year.

FOOD, FUEL STOCKS FOR MONTH HERE

Wholesale Houses, Bakeries and Fuel Companies Prepared in Event of Railroad Strike

APPROXIMATELY 500 EMPLOYEES IN R. R. SHOPS TO BE AFFECTED

Auto Truck Lines Able to Care for Adjacent Territory to La Crosse

WITH more than a month's supply of flour and other materials for bread-making on hand in practically every bakery in the city, coal in most coal company yards to withstand from three to four weeks' siege and with the retail stores well stocked with clothing and other necessary merchandise, La Crosse is unusually well prepared to withstand a railroad strike, a local survey on Tuesday revealed.

La Crosse industries are in such shape that they probably would be less inconvenienced by a general railroad strike than most other places in the United States, business men pointed out. Truck lines cover the La Crosse territory in a veritable network, making it possible to supply all of the immediate territory.

Truck Lines Cover Country

Auto truck lines now operate between La Crosse and the following towns: Melrose, Midway, Holmen, Galesville, West Salem, Bangor, Rockland, Sparta, Coon Valley, Chasabess, Cassin, Dakota, Caladonia. Passenger busses operate between this city and Viroqua, Sparta, Galesville and Winona.

Coal dealers have stocks of fuel to withstand a strike of from three weeks to a month with comparative ease. According to Elmer Warringer, secretary of the La Crosse Retail Coal Dealers' association, it is too late now for people to order extensively with the hope of getting their coal before the strike is declared. Dealers cannot get large supplies of coal here in less than three weeks or a month. Consumers, however, are urged to provide for their immediate needs at once.

The position of the Erickson Bakery company is believed to be typical of other baking concerns. The Erickson company invariably has a month to a month and a half supply of bread-making materials on hand. Practically every other bakery has at least a month's supply in their bakeries right now.

In the wholesale district along Front street preparations were made when it first became definitely known that there would be a strike to lay in stocks, to be ready for either a strike of short duration or for one lasting several weeks.

Wholesale Houses Prepared

"Our company will be able to weather a railroad strike in good shape," said Frank Sisson, of Sisson-Seigstad-Haugen company, Tuesday. "Except for a few commodities that might be exhausted in about ten days, we were never better equipped to withstand a strike than we are right now."

Approximately 500 employees of roundhouse and repair shops of the Milwaukee and Burlington roads would be affected by the general strike.

From response to questions regarding the strike among workers of the Milwaukee and Burlington Monday it was evident that the clerks anticipated a 100 per cent walkout when time for this action is at hand. While results of the strike vote were not learned, officials at the north side of the Milwaukee were expecting that the clerical department would follow the strike orders.

Employees are Silent

In making a canvass of the round house departments of the Milwaukee and Burlington roads, officials declared that workers had remained unusually quiet on the subject of the strike and had not publicly announced themselves as to their probable action when the strike is called.

Asked about the number of employees which would be affected, it was stated that in the roundhouse department of the Milwaukee road alone there are in the neighborhood of one hundred and fifty employees. No strike vote has been taken among the machinists, it was said.

"KAIZ" GREAT DANE, FAMILIAR DOWNTOWN FIGURE, DROPS DEAD

"Kaiz," the Great Dane, is no more. He dropped dead Tuesday morning in Fourth street just off Main.

"Kaiz" was owned by W. W. Hart of Steinmetz & Hart, and was a familiar figure to everybody downtown. He was the only Great Dane dog in the city. He was seven years old and weighed 162 pounds. Dr. Holmes, veterinarian, who examined "Kaiz" said he died of heart trouble.

UNION HEADS ON THE WAY TO MEET THEM

Reported New Proposals Will be Offered to Men to Prevent Actual Cessation of Work

LABOR LEADERS DROP CONFERENCE TO ATTEND

Meeting at Cleveland is Postponed Until After Session With the Board

WASHINGTON, D. C.—The proposed investigation of the Ku Klux Klan by congress blew up today. After a ten minute session behind closed doors, the house rules committee, which at morning and afternoon sessions put William J. Simmons, the Klan's imperial wizard, through a rigid examination, voted unanimously not to call any more witnesses, certainly at this time.

Announcement of the committee's action was made by Chairman Campbell and while the chair and members refused later to make any comment beyond the bare statement as to witnesses, it is expected that an adverse report will be submitted to the house on a number of resolutions providing for such an investigation.

It's Hands Off For Congress

Final action, however, will not be taken until several absent members return to Washington, but house members accepted it as settled that they were done with the Ku Klux, making the department of justice, conducting an inquiry of its own, contented with an untried evidence.

Still denying the effects of his illness, the imperial wizard's voice weakened as he sat all day answering a whirlwind of questions. As on previous days he entered a categorical denial of charges of lawlessness by the Klan and reiterated that the total membership of the organization was slightly under 100,000.

In beginning his statement today Simmons launched into an attack against the New York World, declaring that newspaper in publishing an alleged expose of the Ku Klux had never presented any evidence to support its charges that lawless acts had been committed by Klansmen.

Seeing great circulation gains by a rival the wizard said, the Hearst papers reached out for a part of it, employing a "former Klansman," who had been discharged by Edward Young Clarke, head of the Ku Klux publicity bureau.

Everybody grinned when the wizard declared the World was wrong. (Continued on page six)

THE difficulty confronting the special Ford Day committee is the disposal of the prizes that continue to come in despite the fact that the prize lists have been closed. A Ford tire and several boxes of candy were among the belated donations of yesterday.

According to the interest that is being displayed by out of town folks, Ford Day is going to be a tremendous success. Hardly an hour has passed since the first announcement of the committee without at least one inquiry, and frequently a dozen or more, either by mail, telephone or in person, regarding the events for Ford Day. It has kept the committee busy answering these inquiries, but out of them has come a number of excellent suggestions for prize events, and also suggestions as to handling of the crowds that will undoubtedly be here.

Clip the Prize List

In this paper is printed a complete list of prizes and prize events, also instructions necessary for competing in the various events. It is suggested that the list be clipped from this paper and carefully preserved for reference on Friday.

Tomorrow's paper will carry the announcements of the various merchants. All over town, merchants are trying to outdo each other in the way of special bargains for Ford Day. Many merchants have made special trips to market for goods to be offered at special prices, while others have taken regular stock and reduced the price for this one great occasion. Ford Day will thus not only be a pleasure event, but a money saving day for all those who participate in the bargains offered by the La Crosse merchants.

Form Committee of Welcome

A reception committee, headed by Mr. William Doerflinger, will be on hand to welcome Ford Day visitors and to give any information that may be needed. They will wear prominent badges, so that all may know who they are and what they are for. The committee will be large enough to take care of all possible needs all day long.

The committee urges every merchant to decorate his store for Ford Day. Street decorations are always in order on these special occasions, and early does the farmer and out of town visitor have any decorating done in his honor. This is a rare occasion on which to express appreciation for the patronage of out-of-town friends, and full advantage should be taken of it by having flags, bunting and all decorations in evidence.

The merchants will go a-visiting Ford day, and will be found mingling among the out-of-town visitors and getting acquainted. Every man and woman in La Crosse is requested to appoint himself a special committee of one to help entertain our visitors. It will be a wonderful opportunity to advertise La Crosse.

J. W. HANKS IS FINED \$50; HUNTING WITHOUT A LICENSE IS CHARGE

J. W. Hanks was fined \$50 in county court Tuesday on a charge of hunting without a license. Hanks was arrested in Chippewa County, on Sunday by game warden, B. W. Gansich. Complaints had been made by farmers that rabbits were being hunted out of season in that locality. Rabbit season does not open in La Crosse county until Oct. 25, although the season is open in Vernon county. When Mr. Hanks and party arrived in the county and began shooting word was flashed to Mr. Gansich, who immediately started on the trail. Three members of the party had licenses but no rabbits. Mr. Hanks had fired a gun several times, according to Mr. Gansich but did not have any game. It was explained that Mr. Hanks went out with the hunters for an outing and had not intended to hunt but was persuaded to use a gun which was in the car.

POSTPONE SALE OF SEIZED AUTO TO PROBE MORTGAGE

Liquor Carrying Marmion Not Sold Today Because of Chattel Mortgage Appearing

Sale of one seven-passenger Marmion car seized by Sheriff Edward Miller, together with 100 gallons of alcohol in a local garage last month, was postponed at the request of county officers at 10 o'clock this morning. The sale will be conducted at 2 o'clock October 28.

While no definite announcement was made as to the reason for postponing the sale, gossip in the sheriff's office indicated that the sale of the confiscated car was put off to permit an investigation of a chattel mortgage of \$2,500 which has appeared as a lien against the car. The mortgage, it is said, was forwarded from Chicago and is in possession of a local attorney.

Officers of the court, it was said, desire proof as to the validity of the chattel mortgage.

The largest crowd gathered at a sheriff's sale here for years was congregated on the court house lawn at 10 o'clock Tuesday morning, the hour appointed for the sale. In the gathering were many local citizens and farmers, merchants, automobile dealers and others who came from as far away as Sparta, Melrose, Caladonia and Viroqua.

Announcement by Undersheriff R. J. Lund of the postponement of the sale was a distinct disappointment to the crowd.

SHARP GLAND DIET GIVEN SUBNORMAL CHICAGO CHILDREN

CHICAGO, Ill.—Pupils in subnormal classes at Chicago schools will be fed on a sharp gland diet as soon as arrangements can be completed, it was announced Tuesday. The gland diet is the idea of health department physicians and several thousand children will partake of the sheep glands, prepared in the school kitchens. Special report blanks are being prepared to record results of the experiment.

OTHER RAIL UNIONS MEET TO DISCUSS JOINING THE STRIKE

Leaders Outside "Big Five" Indicate Spirited Controversy Impends

JEWELL DECLARES SHOP CRAFTS AREN'T DECIDED

Telegraphers and Clerks Also Say Question is Open

CHICAGO, Ill.—Executive officials and general chairmen of a dozen unions of railroad employees representing 1,500,000 workers, began arriving Tuesday for conferences beginning Wednesday as to whether they shall follow the leadership of the Big Five brotherhoods in issuing a strike call.

A joint conference at the end of the week is in prospect. A spirited controversy over the attitude of the Big Five brotherhoods is indicated in the statements of the leaders outside the Big Five group.

The train dispatchers have announced they will not go out at this time, the telegraphers and clerks have announced their decision was still undecided and others have indicated the question was still open, although some of the unions, notably the shopmen and maintenance of way, Stone, president of the Brotherhood of Locomotive Engineers announced, Mr. Stone declared he had no intention of what the labor board wished to discuss with the leaders of the railroad workers, but said all scheduled conferences here would be postponed until after the Chicago meeting.

R. M. Jewell, head of the shop crafts which comprise six of the eleven standard organizations besides the brotherhoods, none of which has yet issued an actual strike call, said he had not been summoned by the railroad labor board to the conference called Thursday. The board's first efforts, it was indicated, would be directed toward those organizations which have set the strike dates.

"We are going ahead with our plans for executive conferences," Mr. Jewell said, "and we will have reached our decision by the end of the week. At this time there has been absolutely no determination of what will be done."

FARMER FIRES HOUSE TO HIDE STILL AND DIES IN THE FLAMES

HAMMOND, Ind.—To divert attention from his burning barn where a "moonshine" still had exploded, Gabriel Truitt, scattered kerosene around his house and set fire to the house Monday. The kerosene spilled on his clothing which caught fire and burned him to death. Police found hundreds of gallons of moonshine around the farm.

After discussing the wages of trainmen, in which he made comparison of wages paid in 1917 with those received now, Lee said: "The men have been asked to accept what is an inadequate living wage. They know the railways are taking an unfair advantage of business depression to force them to accept unfair wages and service conditions. To state the matter briefly they believe that the companies are going to continue their aggressive warfare against them until they force the men to strike. Therefore they must reluctantly decide to accept the challenge now."

Harding Gets Reports

WASHINGTON, D. C.—President Harding was in position Tuesday to lay before his cabinet an analysis of the railroad strike situation, an outline of the government's position in the controversy and suggestions as to defensive measures to protect federal functions if and when the tie-up becomes actual.

In addition to a report submitted by the joint conference of the public group of the railroad labor board, and the interstate commerce commission, Mr. Harding was understood to have (Continued on page six)

KIDNAPPED GIRL IS FOUND IN RACINE

RACINE, Wis.—Tony Punge, a farm hand, who Sunday disappeared from Kenosha with the eight-year-old daughter of Mr. and Mrs. John Duda of that city, was arrested here Monday night in a state of intoxication. He was alone, but investigation proved that the little girl had deserted him on reaching this city and had gone to visit an aunt who lives here. She was unharmed and enjoying her visit. Her parents were notified and have made arrangements to have her returned to Kenosha.

THANKS JUDGE FOR PENITENTIARY TERM

DETROIT, Mich.—J. P. Murphy, 72, convicted of arson, thanked Judge Rosser Monday when he sentenced him to the state penitentiary. Murphy said he was without relatives and the prison would afford him a home.

HARRY RAPER IS DADDY TO BABY GIRL ON MONDAY

Ford Day came near being the birthday for a new member of the Harry Raper family.

Yes, "she" was born Monday night about 11:30 at St. Ann's hospital and residents in the vicinity of the Ford garage today have threatened turning in the fire alarm several times only to learn that the smudge rising therefrom was nothing but cigar smoke.

Hurry didn't wait to get a Ford on Ford Day—this is much better.

MORGAN STARTS SUIT FOR FORFEITURE OF HOTEL IN CHIPPEWA

MADISON, Wis.—Complaint was filed in the circuit court of Chippewa county Tuesday by Attorney General William J. Morgan in the action commenced by him to bring about forfeiture of the Northern Hotel at Chippewa Falls, for violation of the state lottery laws.

DISCUSS MINE PROBLEMS

CHICAGO, Ill.—Problems of the mining industry, especially as applied to coal, headed the topics for consideration Tuesday, the second day of the annual convention of the American mining congress.

Veterans' Bureau Says Men Have Been Exploited

WASHINGTON, D. C.—Bluntly charging "exploitation" and resultant destruction of "the minds, bodies and souls" of former service men placed in some commercial schools for vocational training, Director Forbes of the Veterans' bureau announced Tuesday the cancellation of more than a score of contracts with schools in various parts of the country.

LABOR LEADERS DROP CONFERENCE TO ATTEND

Meeting at Cleveland is Postponed Until After Session With the Board

CHICAGO, Ill.—By The Associated Press.—Telegrams summoning the chiefs of the Big Four brotherhoods and the Switchmen's union to a conference with the United States railroad labor board in an endeavor to forestall an actual walkout on the nation's railroads were dispatched to the labor chiefs Tuesday.

The conference was called for 2 o'clock Thursday afternoon, October 20, at the labor board headquarters here.

All of the members of the board are in the city except the three public members, who have been in conference with President Harding and the interstate commerce commission at Washington. They will reach Chicago late Tuesday.

No outline of what the conference will discuss could be obtained, but it was said that new proposals would be presented to the labor men in an effort to prevent an actual cessation of work on the roads.

Labor Chiefs Accept

CLEVELAND, Ohio.—By The Associated Press.—A scheduled meeting here Tuesday of the "Big Five" transportation brotherhoods was cancelled Tuesday morning when the five executives were requested by the railroad labor board to meet with the board in Chicago Thursday. W. S. Stone, president of the Brotherhood of Locomotive Engineers announced, Mr. Stone declared he had no intention of what the labor board wished to discuss with the leaders of the railroad workers, but said all scheduled conferences here would be postponed until after the Chicago meeting.

T. E. Cassen, president of the Switchmen's union, and L. E. Sheppard, president of the railway conductors, are in Chicago. They will be joined there probably Wednesday by Mr. Stone, W. G. Lee, president of the trainmen, and W. S. Carter, head of the firemen.

Lee Says Roads Force Strike

President Lee of the trainmen issued a statement in which he asserted that the "Brotherhood of Railroad Trainmen very reluctantly takes the position that it cannot longer agree to give service unless there is assurance that there will be no further wage reductions nor attempt to eliminate working rules that have been secured through many years of collective bargaining and which represent only a fair remuneration for extra service given."

After discussing the wages of trainmen, in which he made comparison of wages paid in 1917 with those received now, Lee said: "The men have been asked to accept what is an inadequate living wage. They know the railways are taking an unfair advantage of business depression to force them to accept unfair wages and service conditions. To state the matter briefly they believe that the companies are going to continue their aggressive warfare against them until they force the men to strike. Therefore they must reluctantly decide to accept the challenge now."

EQUITY TO DISCUSS DAIRY MARKETING AT ANNUAL MEET

State Society to Meet at Madison Late in November, President Announces

AFFAIRS OF THE ORGANIZATION REPORTED IN GOOD CONDITION

All of State Officers Out for Re-election

MADISON, Wis.—Extension of plans for organizing Wisconsin's dairy industry into a unified co-operative marketing federation will be considered by the Wisconsin union of the American Society of Equity, when it meets for its annual convention at Eau Claire, November 29 to December 2, E. C. Pomeroy, state president, announced here Monday.

One full day of the convention will be devoted to discussion of the proposed marketing organization which is already assuming concrete form, according to Mr. Pomeroy. He was in conference here Saturday with Charles W. Holman, Washington, D. C., secretary of the National Milk Producers' Federation with which the Wisconsin organization will be affiliated.

The president of the Wisconsin state union says that affairs of the Equity society are in good condition, and that the board of directors feels that the accomplishments of the past year have been gratifying despite difficulties that have arisen.

"Most organizations have gone back financially this year," President Pomeroy said, "but I feel that the administration of the Equity society, at the end of the fiscal year on October 31, will be able to show that it has held its own against any adversities."

"This does not mean that the financial report will be the same as last year, however. Several adjustments have been made on the books and besides, during the first two months of this fiscal year, the old condition of affairs of last year with regard to the Equity News was still in existence, giving ten thousand members the paper at half cost."

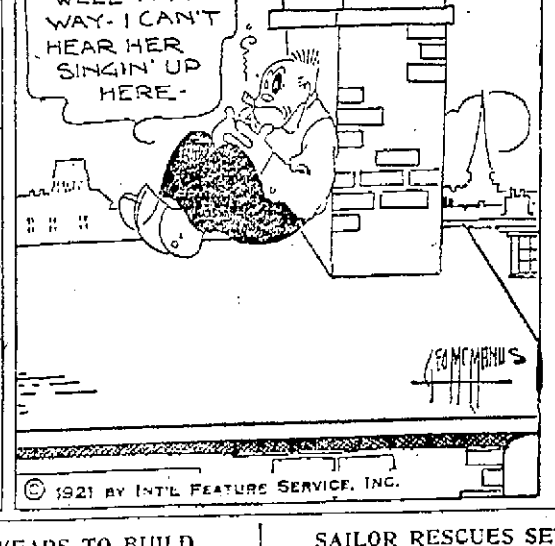

The reports concerning finances of the organization are the same that have been previously sent out for political effect, just preceding the state convention, according to Mr. Pomeroy.

Election of officials, the president said, will be one of the principal objects of the convention. All the present elective officers will seek to retain their positions against opposition that is already said to be developing.

Resides President Pomeroy, E. J. Livingston, vice president, and three members of the board of directors: Otto Rohan, J. H. Hogan and John Prince, will all seek re-election.

Entire reorganization of the business department is said to be planned by the present officers who will present their suggestions for change in

BRINGING UP FATHER

10/8

the convention. Recommendation will be that the department, which has been in charge of H. E. Holmes, be extended so that it will be of service to all members.

In line with this policy, Mr. Pomeroy declared that the board has already established several wholesale gasoline and kerosene filling stations throughout the state. It has also just completed a contract with the Moline Flour company, by which Equity So-

ciet members can avail themselves of the opportunity of buying farm implements at wholesale prices.

"Reports made public regarding the financial condition of the society and the suggested change of headquarters from Madison to Milwaukee, have been made through the effort of those who want to supersede the present administration and for political purposes," President Pomeroy declared.

"The present board," he said, "and especially its president is confident that the accomplishments of the past year will show up favorably with any other administration."

Jazz music was discovered by a dog with a can on its tail chasing a second-hand auto.

RECORDS SENT BACK
BERLIN—Germany is returning the master matrices of disk records she took from British companies in her territory during the war. About 100,000 of these were taken for the copper that was in them.

When those explorers reach the top of Mt. Everest they'll find "No Parking Here."

TEN YEARS TO BUILD
SYDNEY—The government of New South Wales is asking for bids on the construction of the North Shore Bridge which will span Sydney harbor. It is estimated it will take 10 years to complete the structure.

Cream of Rye

More Than a Breakfast Food

Delicious—Different—Healthful
Welcomed by All the Family!

A NEW TASTE greets the family—CREAM OF RYE. Breakfast food as delicately flavored as spice cookies and tender as custard. Dainty appetites relish the rye flavor.

Your boys and girls blossom into ruddy-cheeked health on CREAM OF RYE. There's bone-and-muscle-building nourishment in every spoonful. Easily digested. Rolled from plump, whole grain, specially processed, it contains every body-building element.

Sold only in clean, "air-tight" fibre cans. You never can buy it in bulk.

Go to your neighborhood grocer and get a package today. Read the many recipes for serving it. Treat your family to something new.

A Few Suggestions—

Cream of Rye Muffins:

Beat the yolks of three eggs, add one pint milk, stir carefully with one cup white flour, add two cups CREAM OF RYE, one tablespoon melted butter and one-half teaspoon salt. Beat the whites of eggs until very stiff, stir this into the mixture carefully and add two teaspoons baking powder. Bake in muffin tins or gem pans in a quick oven 20 minutes.

Cream of Rye Cookies:

Two and one-half cups CREAM OF RYE, two eggs, one heaping cup granulated sugar, one teaspoon baking powder, one teaspoon vanilla, three-fourths teaspoon salt, one and one-half tablespoons melted Crisco or butter (if butter, use one-half teaspoon salt instead of three-fourths with Crisco.) Mix well dry ingredients, then beat eggs, add sugar, vanilla and melted Crisco and mix thoroughly. Let stand two hours before baking. Make into loose balls the size of a black walnut, place far apart in a well greased pan and bake in a moderate oven.

[Cream of Rye Bread]

Take two cups of CREAM OF RYE and pour over the same two cups of boiling water. Let cool until lukewarm. Dissolve one-half cake either of dry or compressed yeast in a cup of warm water. Add to mixture one-third cup of molasses, one-half teaspoon of salt, the dissolved yeast, and stir in enough wheat flour to make a sponge. Cover and keep warm overnight and in the morning knead with wheat flour thoroughly. When light, form into loaves and let rise again, then bake same as wheat bread. Must be well kneaded to make good bread.

Cream of Rye Tea Cakes:

Cream one cup butter and one cup granulated sugar. Add two well-beaten eggs, six tablespoons sweet milk, three fourths teaspoon soda, one teaspoon cinnamon, one teaspoon cloves, one-half teaspoon salt, mix two cups flour into the mixture. Add two cups of CREAM OF RYE and one cup of chopped raisins. Bake in a large pan lightly buttered; or bake same as cakes.

Follow summer down

Grand Canyon trails

on your Santa Fe way to California

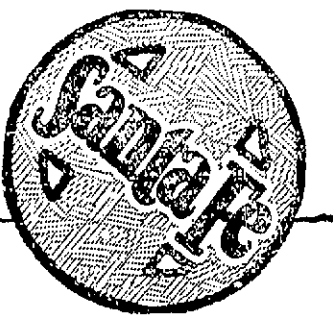

Reserve your berth space in through Pullman on The California Limited or The Missionary, so you can stop at least two days at the Canyon en route to California—or, take The Navajo or The Scout.

The trails are open all the year. You will find summer at the river, 6000 feet below the rim. El Tovar Hotel and Bright Angel Cottages never close.

You will enjoy every minute of this detour. Fred Harvey meals all the way.

Write, phone or mail and let me help plan your trip. Ask for "Grand Canyon Outlines" and "California Picture Book."

MAY ROBSON IN NEW PRODUCTION DELIGHTS HOUSE

"It Pays to Smile" is One of the Best Plays in Which Popular Star Has Appeared

Ever popular in La Crosse, May Robson came back last night in a new comedy drama, "It Pays to Smile," and an audience which was far too small for a production of this merit enjoyed to the utmost a vehicle which was produced by many local critics as one of the best in which this charming star has appeared here.

"It Pays to Smile" is an intensely interesting romantic story offering many opportunities for the display of the artistic and personable talents which characterize Miss Robson's acting. She captivated the house and was equally adorable in comedy and pathos.

Playing the role of a spinster who assumes the task of mothering a headstrong, rather rough, but wholesome girl of twenty, the daughter of a millionaire fruit grower, and accidentally finding down the rough edges on her dad, Miss Robson appears in a number of domestic episodes, depicting human in tone and delightfully interesting.

There is a charming love story running through the play, and Miss Robson as Freedom Talbot, finally is induced to marry the fruit grower when the daughter finds her duke after a separation of four years.

The cast is well chosen throughout and the action of the play is fast and absorbing. The audience was very responsive, and frequent applause and curtain calls attested to its appreciation of the play.

Margaretborough in the role of "Princess," the daughter, is a clever actress with pleasing stage presence, and she seemed big last night. Other members of the cast likewise appeared to good advantage.

TIDES ARE SOMEWHAT INCONSTANT

While tides seem to occur with considerable regularity there is quite a marked variation in them from day to day. You possibly may have observed that on some days the tide comes in much further and recedes to a far greater distance than on others.

As a matter of fact, these big and small tides occur at quite regular intervals. Big tides occur on full moons, and small tides, neaps, and they depend upon the changes of the moon.

One night we see in the sky a thin silvery crescent, which we call the new moon. On the following two or three days we shall have spring tides.

Seven days from the time when it is new the moon appears as a half. This is the season of neap tides. A week later the full moon makes night almost like day, and brings the second lot of spring tides.

SEA-WEED HARVESTER OF HOLLAND

The harvest of the sea-weed crop in Holland has become in recent years more important than ever before and the islands in the northern part of the Zuyder see are more carefully cleaned than they have been. The natives formerly cut the growth loose by means of an ordinary scythe moving along through the water at low tide, but this has become too slow and now they make use of series of knives mounted on a line which they pull back and forth. After the growth has been cut it is spread on the beach to dry and its commercial value is determined by the intensity of the color which it takes on during the drying process. The material is sent chiefly to England and France and occasionally a shipment to the United States. It is used extensively in upholstery, although some of it is rich in iodine and other chemicals and this is burned to recover these valuable constituents.

The Rescue Mission has a big job ahead of it this winter. Have you helped?

The Oil From the Rocks
References to what are known as rock oil, or very numerous in ancient literature. It was used in Biblical times at religious rites, and also by the medicine men of the Indians for curing certain ailments. In comparatively days it was known as rock oil, from the Latin of which—petra oleum—we have our petroleum.

Peculiarity of Judas Tree
One of the curious things about the redwood or Judas tree, is that it bears flowers on the old wood. Blossoms are found in abundance on twigs that are five or six years old.

CUTICURA HEALS RED PIMPLES

On Child's Face and Hands.
Itched and Burned.

"When my brother was two months old his face and hands began to break out with red pimples, which swelled over. They itched and burned and caused him to scratch. We had him treated without success. We began using Cuticura Soap and Ointment and after using one cake of Cuticura Soap and one box of Cuticura Ointment he was completely healed, in two weeks." (Signed) Irvin Sess, Lansing, Iowa.

Cuticura Soap daily and Cuticura Ointment occasionally, prevent pimples, or other eruptions. They are a pleasure to use, as is also Cuticura Talcum for perfuming the skin.

Sample Book Free! Write: "Cuticura Lab., Dept. 10, Malden, Mass." and you will receive a free sample of Cuticura Soap and Ointment.

WHY, TH' FOURTH OF JULY, OF COURSE!

SAFETY CONTESTS TO BE CONDUCTED IN STATE SCHOOLS

Nine Prizes for Best Essays Available for Wisconsin in National Contest

MADISON, Wis.—National safety contests will be conducted in the public schools of this state, according to State Superintendent John Cullahan Monday. Nine prizes have been allowed to this state for essays in the contest.

In the contest among the grammar school pupils, there are 450 state prizes offered, nine of which are allotted to Wisconsin. The subject of the pupils' essay is "How I Can Make Highways More Safe" and any pupil of grammar school grade, fourteen years old or under, may compete. Essays are not to exceed 500 words in length and must be completed and handed to the school principal not later than Dec. 10, 1931.

There is also a contest among grammar school teachers who are invited to prepare lessons teaching children safe behavior on the highways. It is hoped that out of this contest will come constructive suggestions which may be utilized in the classrooms of the country to teach children how best to conduct themselves in the maze of traffic in streets and on country roads.

Posters and additional information may be obtained from "Highway and Highway Transport" Education Committee, Safety Contests, Willard Bldg., Washington, D. C.

HEARD AND HEEDED APPEAL

A country negro preacher was speaking at length to his congregation of the many things round us that are shrouded in mystery, and of which we know little. As he warmed to his theme, he became more eloquent, and frequently repeated the oft-quoted saying: "More light! Oh, for more light!"

His surprise may be imagined when, after one of the utterances, the old sexton, who had been dozing since the beginning of the sermon, woke with a start, then got up, tiptoed softly into the vestry, seized two additional candles, placed them beside the two already there, and in a loud whisper heard all over the church, exclaimed: "Yo' shore got to do with these; there ain't no mo'."

BIG EATERS GET KIDNEY TROUBLE

Take Selts at First Sign of Backache

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid and the result is a general decline in health.

When your kidneys feel like a lump of lead, your back hurts, if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Dr. Selts, take a tablespoonful in a glass of water before breakfast for a few days. This famous Selts is made from the acid of grapes and a man juice, combined with lithia, and has been used for generations.

But Selts is expensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home.

You will be delighted with our prompt service.

TWO BROTHERS DIE, DRANK WATER FROM LONG DISUSED WELL

PETERSON, Minn.—Because they drank water from a disused well upon the farm where they were working a while ago, three brothers, Gilbert, Anton and Andrew Anderson, residing near here, were recently taken very ill. The two first named have died and the third brother is at death's door from what has been diagnosed as typhoid fever. A representative of the state health department has visited the place, taking back a sample of the water to be analyzed.

Disaster in the "Debutante Slough"

According to an article prepared by a medical authority and published in a medical journal, a girl however vigorous and well, may, through the "debutante slough" and other mechanical interference with her abdominal and pelvic organs, develop toxic habits, a serious derangement of the abdominal organs.

Dolls for Greenland Kiddies
Dozens of American dolls are being taken by Capt. Donald B. MacMillan on his present trip to the arctic to be distributed to the kiddies of Greenland.

CARL JACKSON HEADS NATIONAL SOCIETY OF RAIL COMMISSIONERS

MADISON, Wis.—Carl D. Jackson, Oakfield, for the past 6 years a member of the Wisconsin railroad commission, was elected president of the national organization at a meeting held at Atlanta, Ga., last week. Mr. Jackson is one of the best known railroad commissioners in the country. This is the first time that a Wisconsin commissioner has been elected president.

Making Tennis Rackets

For good playing tennis rackets must be constructed with great accuracy and must be given exquisite care to prevent them from warping. This is said to be prevented by making them of strips of veneer laminated and cemented under pressure.

THE FARNAM-YERLY NUPTIALS WILL BE HELD IN NOVEMBER

MR. AND MRS. Peter J. Yerly, 119 South Ninth street, announce the engagement of their daughter, Leonora, to Mr. Robert A. Farnam, son of Mr. and Mrs. Arthur S. Farnam, 1191 State street. The marriage will take place in November.

MR. AND MRS. Harry Rendell and son, Harry Rendell, and Mr. and Mrs. W. J. Miller motored down from Minneapolis and have been guests for a few days at the home of Mr. and Mrs. Albert P. Funk, 147 South Thirtieth street. On Sunday Mr. and Mrs. Albert Funk entertained at a family dinner in their honor and Monday night Mr. and Mrs. Frank N. Funk entertained for them the families in dinner. Mr. Rendell is a brother of Mrs. Albert Funk.

MR. AND MRS. Edward Gilson of Chicago are guests of Mrs. Gilson's parents, Mr. and Mrs. Adolph Carls, at the celebration of the birthday of Mrs. Carls, Mrs. Gilson was before her marriage Mrs. Janet Carls.

INVITATIONS have been issued by Mrs. William H. Funk, 1317 State street, to an "at home" from three to six on Thursday.

THE WOMAN'S UNION of the First Congregational church will give a supper at the church parlors on Thursday at half-past six. Members and friends of the church are invited.

A PLEASANT evening was spent at a party given in honor of Miss Amy Morse, when dancing and games were enjoyed, following which luncheon was served. The guests were the Misses Margaret Gehler, Lucile Schick, Grace and Gertrude Alexander, Evangeline Milligan, Mary Becker, Peggy Paulsen, Lilian Ness, Frances Murray, Mabel Noble, Ruth Morgan, and Messrs. William Miller, Heath Wallace, Howard Smith, Royal Baldwin, Donald Welch, Jack Blay, Glen Hayes, Fred Ross, Darion King, Ralph Kent, Harold Young and Floyd Collins.

MISS ESTHER WERTH was pleasantly surprised on Sunday in honor of her seventh birthday. Games were

played and lunch was served at half-past four. Miss Esther received many pretty gifts. In the party were Ruth Marie and Irene Schmidt, Mary, Julia and Lillian Stah, Harold, Carol and Valeria Muns, Regina and Rosalind Werner, Iva and Irene Huester, Florence Becker, Fayne Whipple, Corinne Foster, Evelyn Michel, Violet Gundlach, Odette Oberlander, Dorothy Paur, Leonora, Julietta, Arthur, Sylvia and Leroy Worth.

A DAUGHTER, Mary Ellen, was born at the La Crosse hospital to Mr. and Mrs. J. I. Monty, 335 West avenue north.

MRS. WILLIAM C. MOSS has returned home after a visit of ten days with her daughter, Mrs. E. P. Olds of Chicago.

THE LADIES' AUXILIARY of the Spanish-American War veterans will hold its regular meeting Tuesday night at the court house. The meeting will be called to order promptly at eight o'clock.

THE CAMPBELL Home Makers' club will meet with Mrs. C. H. and Mrs. C. R. Hawkins Wednesday afternoon, October 19, at an all-day session and picnic dinner. Miss Gladys Meloch, state demonstrator of domestic science, will give a talk. She will also cut, fit and make a dress, complete, for some member of the club at this time.

MRS. JOHN MCCANN entertained the French Island Home Makers' club. MISS GEORGINA Holzhauer, 1007 South Eighth street, has returned from a five weeks' vacation trip spent at Milwaukee and Chicago.

MR. AND MRS. Blythe Garner and children, Jane and James, who have been guests of Mr. Garner's sister and husband, Mr. and Mrs. Irving E. Rigdon, left Sunday in their car for their home at Highland Park, Ill., after four days' visit.

MRS. KATHARINE McMillan delightfully entertained the French Island Home Makers' club at her home Saturday evening. Covers were laid for 18. The rooms were pretty with autumn leaves. The out of town guests were Mrs. Wood of Arcadia, Miss Leona Wood of Holmen and Mr. and Mrs. M. V. Spencer of Seattle, Wash.

MRS. MARY SCHMITT was pleasantly surprised Saturday evening in honor of her birthday at the home of Mrs. C. Miller, 2322 Michel street. The evening was enlivened by music and dancing. Several trio selections were sung by William Stang, John Konop and August Spika. A delicious luncheon was served at midday. Miss Schmitt was presented with a handsome ruby ring. Those present were Misses Josephine Bennett, Frances Huelke, Grace Levaque, Mary, Katherine and Clara Schmitt, Messrs. John Konop, August Spika, William Stang, Walter Ness, Messrs. and Mesdames Herman Treynak, Al Wernicke, Charles Schwertfeger, Charles Miller.

At THE REGULAR meeting of the Mothers' circle of the First Presbyterian church Wednesday afternoon a parcel auction will be held at the parlors of the church. The hostesses will be Mesdames W. H. Guggenbuhl, J. L. Jones, Frank Netval, John Gardner and J. P. Nutting.

THE WOMAN'S UNION of the Tabernacle Baptist church meets on Wednesday afternoon at the home of Mrs. Sarah Blanchard, 612 Rose street, to sew for the Fellowship Mission. Every member is requested to be present and to bring all contributions. It is expected that this box, which goes to the Russian relief fund, will be sent Thursday.

THE SEWING CIRCLE of the McKinley Relief corps will be held at the home of Mrs. Sarah Schaeffer, 311 North Third street, Wednesday afternoon, October 19. A good attendance is requested.

MRS. R. C. WHITFIELD will be glad to meet any young women interested Friday night from seven to eight o'clock at the Y. W. C. A. rooms for the practice of association songs and Christmas carols.

ARCOLA WEEK

An Invitation to the Ladies especially

Many Heating Engineers are keeping their stores open evenings and invite you to come in and meet ARCOLA

THIS WEEK is ARCOLA Week and the Heating Engineers are keeping open house. Many will keep their stores open evenings for you.

They invite you to come in and meet ARCOLA; the wonderful new hot-water heating outfit which warms a whole house with its single fire, taking the place of several stoves and paying for itself in the fuel it saves.

If you don't know where your Heating Engineer's store is, pick up the classified telephone directory and look under "Heating Contractors" or "Steamfitters" or "Plumbers." Pick out the name and address nearest your home.

And decide now to accept this invitation; it may mean a saving of \$25 on this winter's fuel bill; or even more than that!

For ARCOLA—built by the same company whose larger heating plants are installed in mansions, cathedrals and even the White House itself—is guaranteed to do these five things:

- 1—Connected with American Radiators, it fills the whole house with healthful hot-water warmth.
- 2—It takes the place of several stuffy stoves, and pays for itself in the fuel it saves. In that sense it is really a gift.
- 3—It can be connected to the kitchen tank, too, giving an abundance of hot water for washing and bathing.
- 4—It can be installed immediately without the slightest disturbance to the family.
- 5—It adds from three to five times its cost to the selling value of your house—just as IDEAL Boilers and larger AMERICAN Radiator systems add far more than their cost to the value of larger buildings.

ARCOLA is unlike any heating plant you have ever seen. It is an entirely new invention developed after

years of experiment in the largest thermal research laboratories in the United States.

Don't try to imagine what it is until you have seen it. But for the sake of your comfort—and your children's comfort and health especially—accept your Heating Engineer's invitation.

One-third of your fuel bill is worth saving. See ARCOLA any day or evening this week.

This red and yellow card at the right is the sign of a Heating or Sanitary Engineer (you used to call him Steamfitter or Plumber) who can show you ARCOLA. Look for it in his window.

It will pay you to consult him twice a year as you do your Doctor or Dentist. To have him examine and report on your heating and plumbing costs little. It may save you a very great deal.

AN INVESTMENT IN THRIFT. PAYING DIVIDENDS IN FUEL ECONOMY AND COMFORT. CALL WITHIN FOR CATALOGUE.

ARCHBISHOP MESSMER HERE TO TALK OVER AFFAIRS OF DIOCESE

Interviews Attorney for Late
Bishop Schwebach; Has no
News on New Bishop

Archbishop Messmer of Milwaukee spent Saturday in La Crosse, conferring with Monsignor A. Ph. Krause of Genoa, administrator of the diocese, and A. H. Schubert, attorney for the late Bishop Schwebach, regarding the affairs of the diocese and the estate of the late bishop.

"The archbishop has recently returned from a long sojourn in Italy and Rome, which trip he took as part of his celebration of the golden jubilee of his ordination as priest. When asked what had been done regarding the appointment of a new bishop, the archbishop said:

"Nothing has been done in Rome this summer. While I was there it was vacation time and most of the cardinals were away from the papal seat. I expect that something will be done about appointing a successor to Bishop Schwebach in the near future. I have no knowledge of who will be appointed."

IN THE MORNING PAPERS A Summary of the News

LONDON.—Sir Ede Goddes, minister of transportation in the British cabinet, tendered his resignation from that office.

WASHINGTON, D. C.—Senator McKinley of Illinois, recently returned from Europe, said America should keep troops on the Rhine.

LONDON.—King George sent President Harding a message of appreciation for the congressional medal of honor bestowed by General Pershing upon the unknown British soldier and requested that Britain be allowed to present the Victoria cross to the unknown American soldier on Armistice Day, November 11.

NEW YORK.—Marshal Foch has accepted the invitation of the Knights of Columbus to be the guest of that body in Chicago November 6, it was announced.

LONDON.—The Serbs attacked the Albanians, capturing several towns along the Drina river.

NEW YORK.—John E. Meek, guardian of Gut Sullivan, brought suit to establish the child's welfare share in trust funds totalling \$37,293,000.

WASHINGTON, D. C.—The senate agreed to an appropriation of \$50,000

SINGER AND MILLIONAIRE PART

A new portrait of Mme. Ganna Walska, former prima donna of the Chicago Opera company. Her millionaire husband, Alexander Smith Cochran, repudiated her valued at \$25,000 in her New York apartment. Dudley Field Malone, her attorney, has come from Paris to look after her interests in America.

for the ceremonies attending the burial of the unknown American soldier, November 11.

PHILADELPHIA, Pa.—The American Humane association advocated curtailment of the use of fur in women's clothing to reduce the suffering of some fur-bearing animals.

INDIANAPOLIS, Ind.—Carl Stiel, convicted of taking \$45,000 as his share of \$234,000 lost from a multi-

pouch two years ago, which he afterwards spent, was sentenced to three years in the federal penitentiary at Leavenworth.

DES MOINES, Iowa.—The street car men's union announced a voluntary cut of seven cents an hour in their wages to restore service.

Your money will work for God and your fellow-man when given to the Rescue Mission.

SURVEY PLANNED TO OBTAIN MAIL BOXES IN CITY

Postoffice Department also Re-quires Proper Numbering of Buildings

A survey of the city of La Crosse will be made Wednesday, October 21, as part of a nation-wide campaign, to induce the installation of a proper mail receptacle in and the numbering of every building to which mail is delivered.

Postmaster O. R. Sklar announced today that every mail carrier in La Crosse will on Thursday report the address of every dwelling and place of business on his route not so equipped and numbered.

The postmaster will then communicate with the owners or occupants urging upon them the importance of providing a proper number or suitable

Atlanta, Ga.

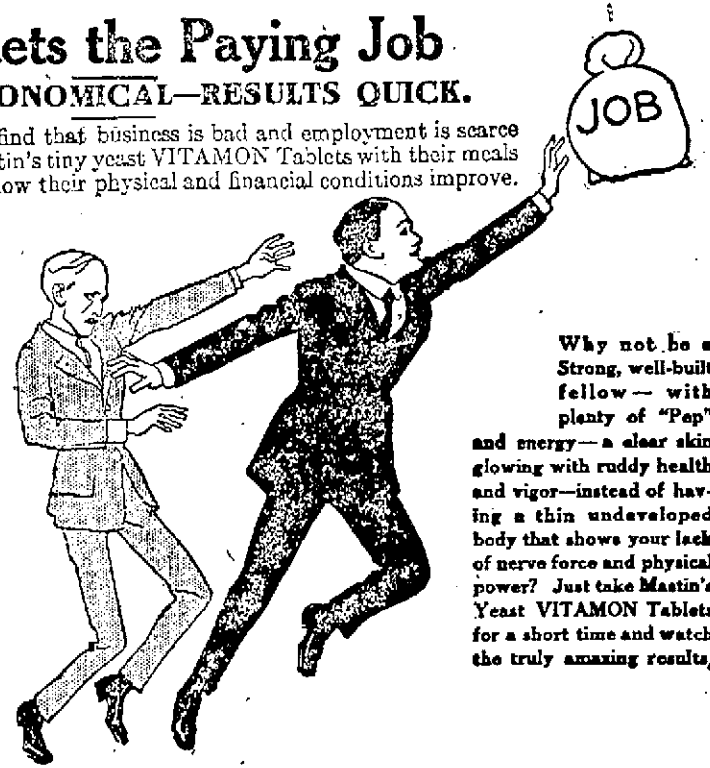

receptacle, or both, as the case may be, if they desire the prompt and safe delivery of their mail and wish to co-operate with their government in providing a more efficient and economical mail service. No particular style or type of receptacle is required by the department. It may consist of either a slot in the door, or a conveniently located box of any suitable material. House numbers of course conform to the system and style adopted by the municipal authorities. Out of a population of 5,000,000, Australia sent 500,000 more to war.

TAKE YEAST VITAMON TABLETS IF YOU WANT THAT FIRM FLESH "PEP"

Which Gets the Paying Job
EASY AND ECONOMICAL—RESULTS QUICK.

Thin, run-down folks who find that business is bad and employment is scarce should try taking two of Mastin's tiny yeast VITAMON Tablets with their meals for a short time and watch how their physical and financial conditions improve.

Mastin's VITAMON Tablets supply in highly concentrated form true yeast vitamins combined with the other health-giving vitamins which Science says you must have to be strong, well and fully developed. If you are weak, thin, pale, generally run-down or feel lacking in brain power and ambition and want that "firm flesh" "pep" which gets the money, you surely need some of these precious vitamins in your system at once. Mastin's VITAMON mixes with your food, helps it to digest and supplies just what your body needs to feed and nourish the shrunken tissues, the worn-out nerves, the thin blood and the starved brain. Pimples, boils and skin eruptions seem to vanish like magic under the healthful influence of Mastin's VITAMON Tablets will not cause gas or upset the stomach, but strengthen the digestive and intestinal tract and help to correct even chronic constipation. They are easy and economical to take and so quick and remarkable are the results that complete satisfaction is absolutely guaranteed or the small amount you pay for the trial will be promptly refunded. Be sure to remember the name—Mastin's VITAMON—the original and genuine yeast-vitamine tablet. There is nothing else like it, so do not accept imitations or substitutes. You can get Mastin's VITAMON Tablets at all good druggists, such as

Why not be a Strong, well-built fellow—with plenty of "Pep" and energy—a clear skin glowing with ruddy health and vigor—instead of having a thin undeveloped body that shows your lack of nerve force and physical power? Just take Mastin's Yeast VITAMON Tablets for a short time and watch the truly amazing results.

Hoeschler Bros., Hebbard & Co., The Rexall Drug Store.

Safe Milk for INFANTS and INVALIDS

CATCH THE "MYSTERIOUS MAN" AND THE "MYSTERIOUS WOMAN"

The "mysterious man" and the "mysterious woman" are known only to one member of the Ford Day Committee. They will be in and around the various stores and on the streets of the downtown section all day Ford Day. Each of them will carry six orders for prizes as follows:

"MYSTERIOUS MAN"

Pair Blankets, Spurgeon Merc. Co.

Auto Gloves, Frank Mader.

Five pounds Coffee, Grand Union.

Box Apples, John C. Burns.

Picture, Carl B. Noelke.

Bath Spray, Gorder's Drug Store.

They will not be together, but will appear in different places at different times. If you see someone whom you think is the "Mysterious Man" or the "Mysterious Woman", approach them and say, "Are You The Mysterious Ford Man?" (or woman, as the case may be). If the person you address is really the one you are looking for, they will ask you a certain question, to which you must answer, "Because Nobody Knows What Makes You Ramble Around". These are the exact words that must be used. If used correctly, you will be handed an order for one of the prizes. If not used correctly, the "mysterious man" will simply walk on.

This event will be open to everybody except small children, and will furnish heaps of fun all day. You have always wanted to be a detective, now's your chance.

"MYSTERIOUS WOMAN"

Casserole, Doerre Hdw. Co.

Hat, Kiosheim's.

Sweater, Burrows.

House Slippers, Doerflinger's.

Box Candy, Elite.

Cake, B. F. Locke.

LAND VALUE MUST COME DOWN SAYS MARKET DIRECTOR

Refutes Popular Belief that
High Prices for Land is
Beneficial to Farmers

MADISON, Wis., Land values must come down both in city and country if farming is to take a turn for the better, Edward Nordman, commissioner of markets says in a statement issued Monday. Popular belief that high prices of land are beneficial to the farmer is a prejudice not founded on fact, he says.

The only way that city workers can carry out their inclination to secure and farm uncultivated land is to make farms accessible by lowering the price on land, in his belief. Accessibility to the land will be beneficial, he declares, both to the farmer and the city man through cultivation of better markets for the products of agriculture and industry.

"Every man that leaves the city gives an opportunity to the city to grow up, the city to earn more and buy more, thus creating a greater demand for farm products," Mr. Nordman says. "The man who leaves for the country to work on the land creates a greater demand for many farm products, thus stimulating industrial production, which in turn causes demand for raw materials furnished by agriculture."

"The producers as well as the consumers will be benefited if the cause of the inaccessibility to the land is removed. This cause is monopoly which concentrates large areas of property in the hands of a few individuals who hold them not for productive use, but for the purpose of speculation."

"Besides, making land inaccessible, speculation leads to the making of unearned profits based on increase in value which is the result, not of greater productivity, but of the natural process of growth of population."

"The breaking up of land monopoly will put farming within reach of any-

one who is ambitious and willing to work the land and it will also destroy the incentive for certain forms of unearned incomes which are detrimental to society because they come out of the earnings of producers and consumers."

Popular Japanese Amusement

We of the western world "loose the loop" and "shoot the darts" in our amusement parlors; but in Japan the people indulge in more gentle forms of amusement. One of their most thrilling rides is across Tokyo bay in an aerial railway.

The cars hang on stout cables that are stretched across the bay and they are operated by a motorman who stands in front. The cars are made so that they will float, in case of accident.—Popular Science Monthly

All other means failing, ten Sing Sing inmates have broken out with the measles.

HIGHS PREPARE FOR BARABOO GAME HERE NEXT SATURDAY

Coach Keogan's Squad Escapes Without Injury in Game With Sparta

With the team in the pink of condition, La Crosse is out to beat Baraboo here next Saturday, and incidentally try out some new formations. The team is rapidly rounding out in mid-season form, and Coach Keogan expects that the team will have no serious opposition in meeting the Sauk county representatives.

Sparta, old rival, beaten by the Red and Black last Saturday, 25 to 2, escaped having a larger crowd scored on them when the whistle pulled the heads of another touchdown which would have come within a few minutes. The local machine was going good from the beginning of the third quarter and was within ten yards of the posts and still going when the whistle blew.

Every member of Coach Keogan's eleven came out of the scrimmage Saturday unscathed and it was evident that the offensive line had become more effective as the game progressed. The Spartans had both Abraham and Weigand pegged, however, they added two and one touchdowns in their season's number, respectively.

Coach Keogan is pleased with the way the line held up in the Sparta game. In the first half the La Crosse end was threatened twice, with the ball in both cases but a few feet from the goal line, but they were held for downs and Kilian pointed out the danger.

The contest between Sparta and Tomah ought to prove interesting again this year. Last season they played a scoreless tie, though Tomah had a decided edge, but lacked the touch to put the ball over when they received an opportunity. They will play later on in the season.

GIBBONS-O'DOWD GO TRANSFERRED TO TULSA, OKLA.

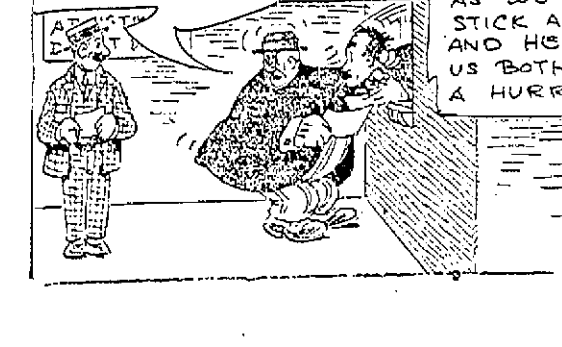

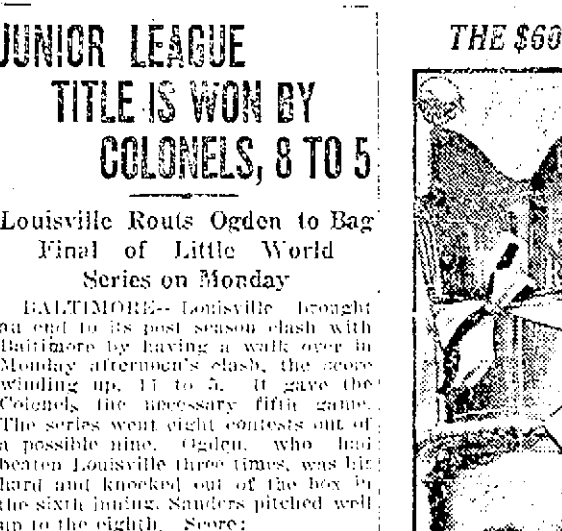

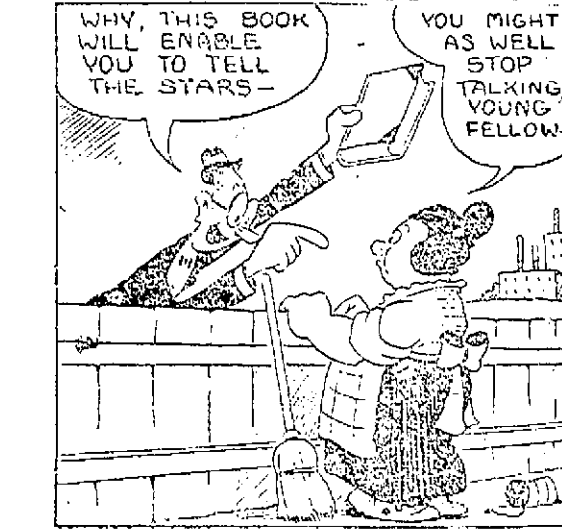

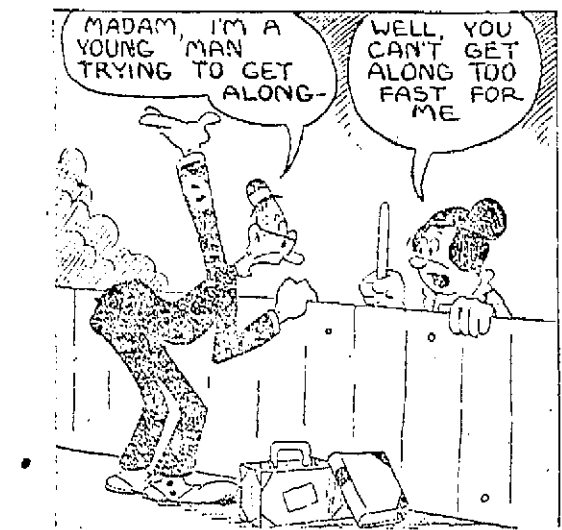

TULSA, Okla.—The Mike Gibbons-O'Dowd fifteen round middleweight bout, which was scheduled to be held in Wichita on Tuesday night, has been transferred to Tulsa and scheduled for one week later. M. A. Well and A. B. Russell, president and secretary of the Western Athletic association of Wichita, signed a contract with the Tulsa Athletic club of Tulsa providing for the transfer of the bout to this city. The \$25,000 purse guaranteed the boxers will stand.

Opposition to holding the Gibbons-O'Dowd contest at Wichita developed several days ago when Richard J. Hopkins, attorney general, in a ruling to James Conley, county attorney, held that the contest, if held, would violate the state law.

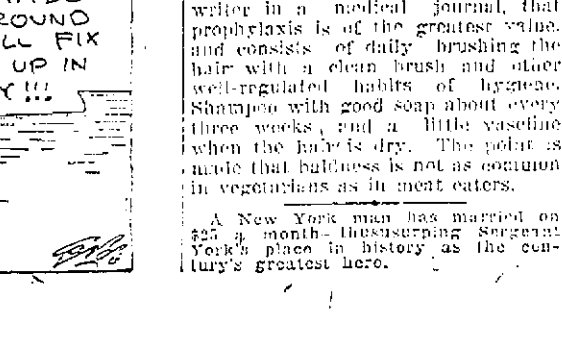

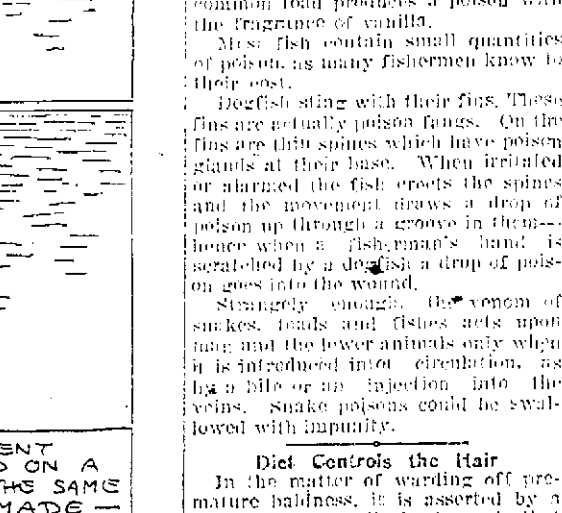

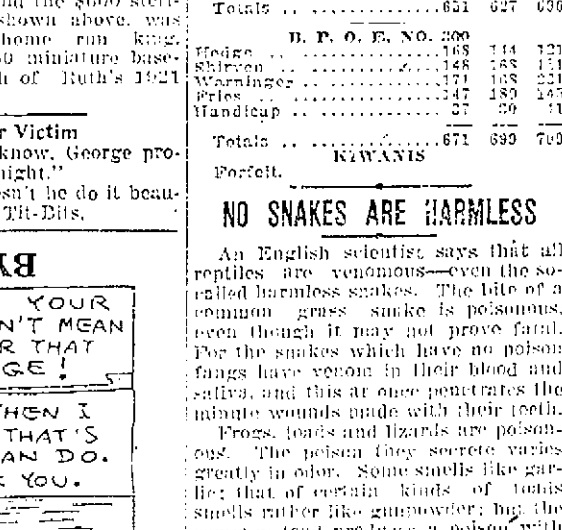

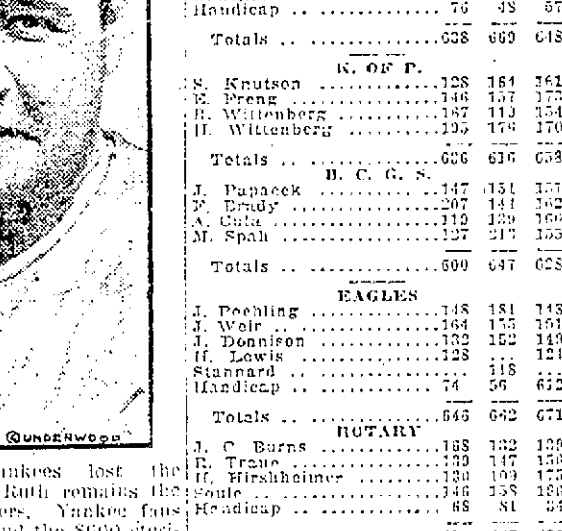

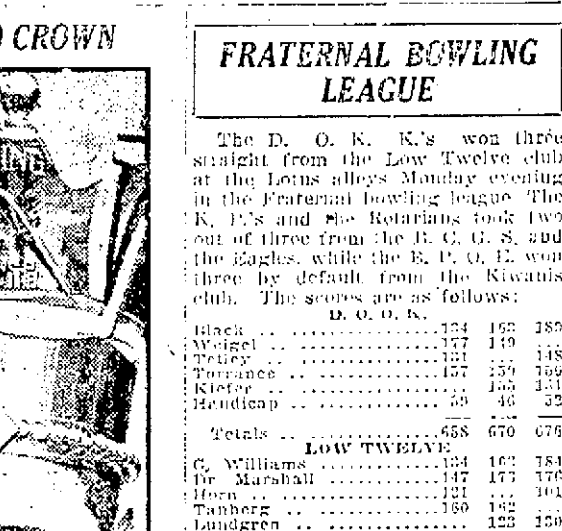

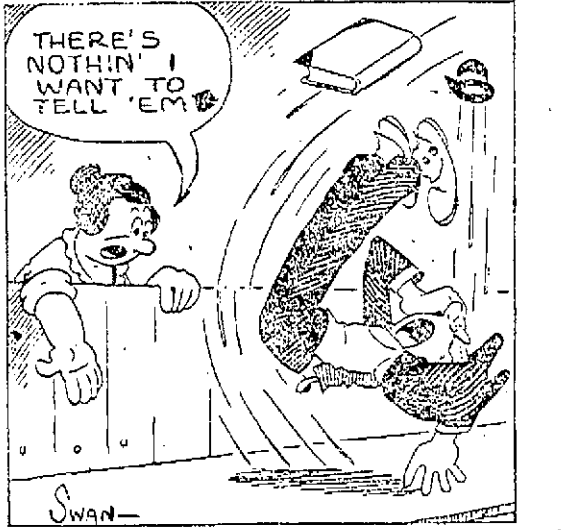

Hopkins based his ruling on the fact that information furnished him that the bout was not to be held under the auspices of a bona fide club and that posters exploiting it had been placed in other cities of the state.

Hopkins, director of Sheriff Doug Shuman to arrest promoters of the Gibbons-O'Dowd fight Monday morning, whom he said had already violated the state law regulating prize fights, in that they have promoted and advertised the fight to be held Tuesday night.

BABE RUTH FACES TWO PENALTIES BY BARNSTORM PLAY

Bambino May be Suspended for a Time or be Barred Forever

CHICAGO.—"Baseball law must be enforced," Judge Kenesaw Mountain Landis, supreme dictator of organized baseball, thundered on Monday when he arrived in Chicago.

Arriving at his office Judge Landis took under advisement the alleged violation of baseball law by Babe Ruth, Bob Meusel and Bill Piercy of the New York Yankees who are barnstorming in New York state contrary to the rule which prohibits players who have engaged in a world series from playing in post-season games.

"In the face of evidence, I have, as violated provisions of the baseball law that I had no hand in making," said Landis. "I have ruled the rules of the game when I became head of baseball and I am going to see that the rules are enforced."

"On the face of things, Ruth has violated that section of the world series agreement which forbids participants in the world series to play after the series is over."

"I want to give this message to law abiding baseball players and to the public—baseball law will be enforced."

The judge said he would give the case and all the evidence involved his closest consideration before announcing his decision.

Landis, in his high position, can suspend Ruth and the others for a period of time or outlaw them forever from organized baseball.

WISCONSIN FACES ILLINOIS AT URBANA SATURDAY IN AN IMPORTANT CONFERENCE TILT

Madison on October 29 in the great homecoming battle

Outside of the conference the games this past week in the state indicated that the state normal eleven will have to be given consideration because the teams in the Little Five conference, Oshkosh defeated Lawrenceville 3 to 0, in an important battle for Oshkosh won the normal conference championship last year while Lawrenceville won the Little Five laurels and has practically the same team back this season. Milwaukee normal also defeated Carroll college by a decisive score. The defeat of Eau Claire, 7 to 2, by Superior normal, was rather surprising to Superior fans who were expecting great things from the lake eleven this fall.

Superior Normal Strong

Superior has a large part of the state championship Superior Central high school team of last season and Coach Tubbs who has coached high school athletics in the north for several years is this fall working with practically his same men in the capacity of Superior normal school coach.

The biggest interconference game of the week and of the season will be the battle between Princeton and Chicago. Coach Stagg has been pointing his team for this game all year. He had an open date last week and will have another following the eastern game in order to continue preparations for his Big Ten contest. While Chicago was resting, Coach Roper's Princeton eleven was being defeated by Navy, 7 to 9, in a hard game for both teams.

WW Has Strong Backs

The success which greeted Wisconsin's efforts at the passing game against Northwestern together with the rolling gains executed through the line did not make it necessary for the Coach Richards to disclose any of the plays he has been working out for the past fortnight. Just what will be the nature of his attack against the Buckeyes remains a mystery but it is probable that he will vary a smashing line attack mixed with open field game and aerial attack for the team is strong in the backfield, has received considerable drill with passes and against Northwestern the line put up a strong battle, holding the Methodists to one first down and that came as a result of a Wisconsin penalty.

As for as the homecoming game with Minnesota is concerned, comparative scores indicate a real battle for both the Gophers and the Badgers defeated Northwestern by four touchdowns. The decisive defeat of the Gophers by Ohio State was the biggest upset of the early season following the showing made by the state team against Oberlin college on the previous week.

The Ohio State-Michigan game will draw conference attention this week with the Illinois-Wisconsin battle for the game will mean the elimination of another strong Big Ten team from championship consideration. Michigan dedicated her new stadium at this contest and will be putting up a game fight to avenge the one point defeat by Ohio State last year. Ohio State, with Healey back in the line, has just as strong a line as Wisc worked with last season but the backfield lacks the services of Simchen and Workman, which weakens it materially.

Iowa Looks Good

Iowa now looms as one of the most likely contenders for Big Ten championship due to her defeat of Illinois, 14 to 2, on Saturday and the comparatively easy schedule which Coach Jones has to pass through for the rest of the season. The hardest team on the Iowa schedule is Minnesota and chances are that Captain DeVine's team will take the Gophers into camp with little trouble if the Hawkeyes continue to play the same brand of ball they have played during the past two weeks. Iowa meets Purdue this week and should have little trouble in gaining an easy victory.

Minnesota meets Indiana at Minneapolis to avenge the defeat handed the Gophers last year. This will be the last game for Coach Williams' outfit before they clash with Wisconsin at

JUNIOR LEAGUE TITLE IS WON BY COLONELS, 8 TO 5

Louisville Routs Ogden to Bag Final of Little World Series on Monday

BAITMORE.—Louisville brought an end to its post season clash with Baltimore by having a walk over in Monday afternoon's clash, the score, 8 to 5. It gave the Colonels the necessary fifth game. The series went eight contests out of a possible nine. Ogden, who had beaten Louisville three times, was hit hard and knocked out of the box by the sixth inning. Sanders pitched well up to the eighth. Score: Louisville, 8; Ogden, 5.

DAYTON TO PLAY STALEYS SUNDAY ON CUBS' FIELD

CHICAGO, Ill.—Dayton will send its powerful Triangle eleven to face the unbeaten Staleys at Cub field next Sunday afternoon. The Dayton line is reported as being one of the heaviest in the country, being composed of players of national reputation.

George Dallas, coach of the Staleys will start drilling his men Tuesday afternoon at Cub park. Much attention will be paid to punting, with Huffine, former Purdue star, and the versatile Chick Harley sharing the honors.

The Staleys came out of the hard fought game with the Rochester, N. Y., eleven in good shape. None of the players was injured.

New Grindstone

A new grindstone has a pump and a supply of kerosene is thrown constantly over the revolving stones. This facilitates the grinding and prevents the steel from being "burned out."

DENOUNCES SLUSH FUND RAISED FOR ARBUCKLE DEFENSE

MADISON, Wis.—That the moving picture industry is on trial as well as Roscoe Arbuckle is the declaration of the former Secretary of State Meritt Hull. Mr. Hull said that the fund that is being raised by the movie people to secure Arbuckle's release is a slush fund which could only be successfully used in bribery.

"The movies are on trial along with Arbuckle," said Mr. Hull. "The companies, which contribute to his slush fund are also on trial before the bar of public opinion. The only way in which vast sums of money can be successfully used in freeing Arbuckle is in bribery."

If the magnates who have made fortunes from the movies imagine that they can gain favor in the public mind by such procedure they are mistaken. Much money has turned their heads. To add to their offenses against decency the debauchery of a court will not aid them, but serve to bring ruin to the entire movie industry."

Lines to Be Remembered

He who calls in the aid of an equal understanding doubles his own and he who profits by a superior understanding raises his powers to a level with the height of the superior understanding that he unites with.—Edmund Burke.

Perdido River

The Perdido river is a small river and bay on the western border of Florida, separating it from Alabama. The word is Spanish and means "lost."

PIGSKIN COLLAPSES IN MID-AIR AS IT SAILS TO GOAL BAR

MOOSEHEART, Ill.—Mooseheart and Morris high school football teams were struggling for supremacy on the gridiron. Right half Durbin of the Mooseheart team dropped back to try a field goal from the twenty-five yard line. His kick was perfect, but the defective football exploded as it sailed toward the goal bar. The referee gave Durbin another ball, but this time the player missed the goal.

The first mention of a fur felt hat in English Literature was by Chaucer in 1390.

He tells of the merchant in the forked beard, who wore a Beaver hat.

The last word in hats is the 1921 Gordon.
